**EOI TO SUPPLY DIESEL – FUEL TO KIS POWER PLANT AT BUKUZINDU
KALANGALA DISTRICT**

Kalangala Infrastructure Services Ltd. (KIS), is a company undertaking major infrastructural development works and utility services under Public Private Partnership (PPP) investment arrangement in Bugala Island, Kalangala District.

The components of the infrastructure and utility services include;

- a) **Road Works:** Rehabilitation, expansion and upgrade of the 66km Main Island Road to a class B gravel road, and rehabilitation of two (2) ferry landings at Luuku and Bukakata. Construction has since been concluded and the road handed over to Government of Uganda.
- b) **Ferry Service:** The company operates two new ferries between Luuku on the Kalangala Island side and Bukakata on the Masaka mainland side. The ferries consume a combined average of 32,000 litres of diesel monthly.
- c) **Power Supply Systems –** Generation, Transmission and Distribution of electricity throughout Bugala Island Kalangala as a major utility service.
- d) **Water Supply Systems –** Rehabilitated, expanded and currently operate the Kalangala Town Council water supply system and water supply to 7 major settlement areas as a utility company.

Under its Power Supply component, KIS constructed and operates a Solar/Thermal hybrid Power Generation Facility with a capacity of 1.6MW. The thermal component comprises of three Diesel (AGO) run generators with an average monthly consumption of 30,000 litres. The facility has a storage capacity of 40,000 litres, and the company routinely places diesel orders of 20,000 – 30,000 litres per order.

It is upon this background that the company hereby invites you to submit a sealed proposal, addressed to the “Procurement Committee”, at Kampala Office, to supply Diesel (AGO) fuel for its Power Generation Facility located at Bukuzindu on Bugala Island Kalangala for the calendar year 2019 - 2020. The proposal should include a pricing structure in the attached format.

Deadline for submission of proposal is 15th April 2019.
